To Whom It May Concern:

Maria Mediannikova was a student in my 7th grade English Language Development class in 2023-2024. This was her first year at Kennedy Middle School and in Natick. She quickly connected with the other girls in my class and created a great mini community for herself.

I worked with Maria in my English Language Development class and in a Literature class. Over the course of that school year, I noticed two of Maria's strengths. First, Maria is extremely diligent. She used her class time well and worked efficiently. Her work clearly showed her understanding and development of the English language. Often, she asked questions about how to perfect her sentence structure. While she acquired the language, she wanted to understand the complex sentence structure of English and the academic vocabulary.

Additionally, Maria was a leader in the classroom. She would voluntarily provide help to her peers who had questions and she would willingly work with others to help with proofreading. Maria would also be a leader during group work and help her classmates solve the problem while facilitating the group.

Throughout that school year, Maria worked effectively to develop her English. Her English improved through that year and she made significant progress. Her reading comprehension level grew immensely that year as well as her writing and analytical skills. Maria is a hard worker who strives to learn, improve and grow, and truly has a desire to understand.

Maria is a true student. She loves to learn and works very hard. Maria is an excellent candidate for the dual enrollment program. I highly recommend her for this program.

Thank you,

Marimarta Clark
7th Grade MLL Teacher
Kennedy Middle School
